

# Are Pets Protected? The Truth Behind Parasiticide Compliance

October 21, 2026 | 7 p.m. (EDT)

Learn how the Merck Parasiticide Performance Report program helps veterinary clinics assess Bravecto® and other parasiticide performance using patient, dosage, and revenue data.

## Understanding clinic eligibility

Including compatible practice-management systems.

## Learn the simple 3-step enrollment process

Submit clinic/contact information, schedule an installation appointment, and install the PracticeSync data connection.

## Installation expectations

A 15–30-minute remote appointment with limited hands-on clinic time.

## Explore key metrics and insights

Clinic metrics, species-level parasiticide metrics, Bravecto® Chew performance and package-level sales.

## Discover how to identify opportunities in your clinic

Protection gaps, purchasing patterns, brand performance and compliance opportunities.
